

iDesign Software Update

Date	Thursday, 30 October 2008
Subject	iDesign Software Fixes and Enhancements

The purpose of this Update is to announce an update to the iDesign Card Software. Refer to the earlier update note on new features for v5.x.

Please refer to below table for version details.

Version	Corrected Problems
5.1.2.7	Resolved the field concatenated issue

The latest new release either for demo or retail version, both is available for download at www.idesign.sg/downloads/idesign5.1/setup.exe

If you have any questions, please contact me at hweelee@idesign.sg or Main: +65 62882112 or DID: 6307 9379.

Thanks.

Regards
Hwee Lee Tay
