A screenshot of the 'Software Activation' dialog box. The window title is 'Software Activation'. It contains a 'Machine code' field with the value 'F78D2E34704E3F3A07504B74FB3C0CBFA17EDE99900C0BAC2E6F830FD500E320'. Below it is an empty 'Serial Number' field. There are two buttons: 'Online Activate' and 'Run As Demo'. A checkbox labeled 'Manually Activation/Deactivation' is unchecked. Below the checkbox is a text area with instructions: 'Click "Generate file" to create a SM.txt at desktop and email/fax it to your vendor. For "Activation", you will receive the Registration Licence No from your vendor. Copy and paste the 20 alphanumeric string into the below box before click on "Offline Activate".' At the bottom, there is a 'Registration Licence No' field and two buttons: 'Generate Activation File' and 'Offline Activate'.
